

Index to Latin names

Generic and specific names in roman type are synonyms; new names proposed in this book are in bold type.

- Acacia*, 50, 120, 195
Acanthaceae, 74-6, 110
Acanthococcus sp., 59, 61
Acer, 186
Actinidiaceae, 186
Adenium, 75
Adoxaceae, 184
Aegilops, 123
Aeonium, 48
Aepocereus, 212
Agathis borneensis, 93
 dammara, 92, 97 (& fig. 9)
Aglaia sp., 177
Agaon, 209, 211-2, 218, 227
 paradoxum, 209-10
Agaonidae, 207, 209, 211-3, 216 218, 222-7
Agaoninae, 211-2, 218, 222, 227
Agaonini, 211
Agaum, 209
Agavaceae, 179
Agavoideae, 188
Agrianisa myrmecoides, 210
Agropyron, 123
Agrostistachys borneensis, 176
 sessilifolia, 176
Aizoaceae, 187
Akania, 187
Alfonsiella, 211, 218, 223, 227
Allexis cauliflora, 179
Allotriozoon, 211, 218, 227
Alnus, 110
Aloe capitata var. *cipolinicola*, 48
Alsophila australis, 179
Alstonia, 22
Amaryllidaceae, 123
Amborella, 186
Amorphophallus, 76
Anacardiaceae, 68, 96, 131, 161, 163, 175
 Anacardium occidentale, 163
 pumilum, 61
Ancylanthus rubiginosus, 69
Andira inermis, 61
Andryala spp., 50
Angiospermae, 183 *et seq.*
Angylocalyx oligophyllus, 177
Anisophyllea quangensis, 69
Anisoptera, 128-9, 132 *et seq.*
Anneslea, 109
Annona stenophylla, 68
Annonaceae, 68, 90, 96, 132
Annonales, 186
Annoniflorae, 184
Annonineae, 187
Aploastomata, 211
Apocrypta, 209, 211-2, 215-fig. 2, 225, 228
 longitarsus, 191, 225
 paradoxa, 209-11
 perplexa, 209-11
 westwoodi, 225
Apocryptini, 212, 224-fig. 8g-h, 225-6
Apocryptophagus, 209
 explorator, 210
Apocynaceae, 68, 90, 96
Aporpium caryae, 151
 dimidiatum, 151 *et seq.*
 hexagonoides, 151 *et seq.*
Arachnoidea, 68
Araliaceae, 68
Araucaria, 20, 110
Arbutus andrachne, 17
Areciflorae, 187
Argostemma, 74, 79
Arisaema, 75
 anomalum, 75
 filiforme, 76
 fimbriatum, 75
 umbrinum, 76
Armoracia, 123
Arthropophyllum, 20
Arthropoda, 112
Artocarpus, 4, 35
 ser. *Angusticarpi*, 37
 anisophylla, 37
 sect. *Artocarpus*, 37
 subg. *Artocarpus*, 35-6 (& fig. 1a-e)
 ser. *Cauliflori*, 37
 sect. *Duricarpus*, 37
 elasticus, 36 (& fig. 1f), 37-8
 fulvicortex, 36 (& fig. 1h-i), 37
 heterophyllus, 16, 35, 37-8
 hispidus, 36 (& fig. 1a-d)

- ser. *Incisfolii*, 37
integer, 35, 37-8
 var. *silvestris*, 37
kemando, 37
lanceifolius, 37
multifidus, 37
pelatus, 36 — fig. 1f-g
 subg. *Pseudojaca*, 35-8 (& fig. 1f-i)
rigidus, 37
 ser. *Rugosi*, 36-7
sericicarpus, 37
 spp., 29
styracifolius, 37
tamaran, 37
teysmannii, 37
Arundo donax, 17
Aspidium flaccidum, 147
Aster, 49
 multiflorus, 49
 novae-angliae, 49
 Asteraceae, 187 (see also Compositae)
 Asteridae, 173
Astragalus, 128
Austrobaileya, 186
Avicennia marina, 16
Baikiaea, 67
 plurijuga, 67
Balanitoideae, 187
Balanocarpus, 128
Balanopaceae, 175
Balanophora, 106
Balanops pancheri, 175
Bambusa arundinacea, 17
 Barbeyaceae, 187
Barringtonia, 111
 calyptrocalyx, 177
Begonia, 75-7, 79
 evansiana, 167 (& fig. 7)
 Begoniaceae, 165, 173
Bencomia, 48
 Bennettiales, 184
 Berberidaceae, 175
 Berberidales, 186
Bertolonia, 78
Bertiera simplicicaulis, 178
 Bignoniaceae, 176
 Bikkia macrophylla, 178
Blackstonia perfoliata 171 (& fig. 10A)
Blastophaga, 209-12, 214, 215 fig. 1, 217-8,
 227-8
 caricae, 208
 ficus, 208
 grossorum, 207
 javana, 220
 psenes, 208-9, 213-4, 216-20 (& fig. 4), 225-6
 quadraticeps, 214, 220-2
 sycomori, 208
 vaidi, 220
 Blastophaginae, 212, 218, 222, 227
Boea lanata, 176
 Boletales, 155
Boletellus, 155, 159
Boletus, 4
 albipurpureus, 159
 amarellus, 159
 ananas, 155
 catervatus, 159
 chrysenteron, 159
 cornalinus, 155 et seq.
 parasiticus, 159
 phoeniculus, 159
 subg. *Phylloporus*, 155 et seq.
 '*Piperati*', 155, 159
 porphyrosporus, 159
 pseudorubinellus, 159
 puniceus, 159
 roseolus, 159
 rubinellus, 159
 rubriporus, 159
 rubritubifera, 159
 satisfactus, 159
 strobilaceus, 155
 subtomentosus, 159
 versicolor, 159
 subg. *Xerocomus*, 155 et seq.
 Bombacaceae, 90, 96, 131
Bombax, 22
 valetonii, 29
 Bonnetioideae, 187
Borassus aethiopum, 179
Brachylaena, 50-1
 neriifolia, 51
Brachystegia russelliae, 68
Brackenridgea arenaria, 69
Brassica, 123
Brighamia rockii, 176
 Bromeliinae, 187
Brucea antidysenterica, 178
 Bruineae, 187
Bupleurum, 48
Burmannia longifolia, 76
 sphagoides, 76
 Burmaniaceae, 76
 Burseraceae, 90, 96
 Butomaceae, 184
Byrsonima verbascifolia, 61
 Cactaceae, 48, 123, 187
Caesalpinia, 111
 pulcherrima, 14
Calamus sp., 120
Callicarpa saccata, 120
Caloncoba suffruticosa, 68
Calophyllum, 111
 Calycanthaceae, 186
Calycenthus, 186
Campanula, 48, 165
 carpatica, 165, pl. 1 opp. 172.
 medium, 165
 rotundifolia, 165, 166 fig. 1

- Campanulaceae, 42 et seq., 123, 165, 173
 Lobelioideae, 45, 176
 Campanulales, 173
Campsis, 113
Campylospermum duparquetianum, 177
 sacleuxii, 177
 subcordatum, 177
 zenkeri, 177
Canavalia, 111
 Cannaceae, 187
Canthium, 69
 Caprifoliaceae, 186
Captaincookia margaretae, 178
Cardioteris, 186
Carica papaya, 172 (& fig. 12), 176
 sp., 176
 Caricaceae, 165, 173, 176
 Caricineae, 187
Carlina, 48
Caryocar brasiliense subsp. *intermedium*, 61
 Caryocaraceae, 90, 96, 187
 Caryophyllidae, 173
Cassia, 59
 floribunda, 170 (& fig. 8A)
Cassytha, 116
Casuarina, 111
 Casuarinaceae, 114, 187
Caulopteris sp., 179
 Caytoniales, 20, 184
Cecropia, 120-1
Ceiba pentandra, 29
 Celastraceae, 68, 90, 96
Celosia cristata, 117
Celsia, 128
 Centrolepidoceae, 187
Ceratonia, siliqua, 196 (& fig. 4)
Ceratosolen, 211, 214-5 (& Fig. 2), 218, 225, 227-8
 arabicus, 191, 194, 201-2, 217 fig. 6, 220-3
 bakeri, 228
 capensis, 223
 coecus, 210
 emarginatus, 220, 228
 flabellatus, 223
 fusciceps, 220
 galili, 223
 hewitti, 220-1
 marshalli, 228
 nanus, 228
 notus, 214, 220
 pygmaeus, 228
Ceroxylon, 48
 Chalcididae, 209, 211-2
 Chalcidoidea, 212, 216
Chalcis centrinus, 208
 explorator, 209
 pseus, 208
Chamaeclitandra henriquesiana, 68
Chenopodiineae, 187
Chimonanthus, 186
Chironia linoides, 171 (& fig. 10B)
Chisocheton, 20
 macranthus, 177
 medusae, 177
 polyandrus, 177
 princeps, 177
 setosus, 177
Chlamydocola chlamydantha, 178
 Chloranthaceae, 186
Chrysanthemum, 48
 Chrysobalanaceae, 68, 90, 187
Chrysophyllum soboliferum, 61
Chytranthus longiracemosus, 178
 mangenotii, 178
 pilgerianus, 178
 welwitschii, 178
Circaea lutetiana, 166 fig. 3A, 168
Cissus fragilis, 75
 Cistaceae, 165, 173
Citrus nobilis, 196 (& fig. 4)
 spp., 196
Clarkia, 115
Clavaria, 3
Clavija lancifolia, 179
 longifolia, 179
Cleidion lasiophyllum, 176
Clerodendrum, 111
 buchneri, 69
 fistulosum, 120
 lanceolatum, 69
 milne-redheadii, 69
 pusillum, 69
 triplinerve, 69
 Cochlospermaceae, 68
Cochlospermum insigne, 59, 61
 tinctorium, 68
Cocos nucifera, 179
Codiaeum variegatum, 117
Coffea macrocarpa, 178
Cola buntingii, 178
 caricaefolia, 178
 mahoundensis, 178
Colea lantziana, 176
 nana, 176
 sp., 176
Colubrina, 111
 Combretaceae, 68, 96
Combretum, 61
 argyrotrichum, 68
 brassiciforme, 68
 harmsianum, 68
 lineare, 68
 paniculatum, 61
 platypetalum, 68
 relictum, 68
 sericeum, 61, 68
 viscosum, 68

- Commelinineae, 187
 Compositae, 42 et seq., 110, 123, 176
 Cichorieae, 49
 Connaraceae, 176, 187
 Jollydoroideae, 187
Conyza vernonioides, 50
 Cordaitales, 184
Cordia, 50, 111
 sebastana, 251
 Cornineae, 186
Cornus mas, 16
Cosmianthemum, 74
Cotylanthera, 76
Cotylelobium, 128-9, 132 et seq.
 Courtella, 209
Crambe, 48
 'Crassocephalum', 46-7
Critogaster, 223
Crossogaster, 211-2
 triformis, 223
 Crossosomataceae, 188
 Cruciferae, 123
 Crypteroniaceae, 186
Cryptosepalum exfoliatum, 68
 maraviense, 68
Ctenolophon, 110
Cucumis sativus, 168
 Cucurbitaceae, 96, 129, 168, 171
Cunonia macrophylla, 176
 Cunoniaceae, 176, 187
Cussonia corbusieri, 68
Cyanea aspleniifolia, 176
 carlsonii, 175-6
 giffardii, 176
Cyathea, 48
 camerooniana, 180
 Cycadaceae, 110
Cycadeoidea jenneyana, 180
Cycas, 111
 circinnalis, 21, 180
 revoluta, 180
 Cyclanthaceae, 187
 Cynipidae, 212
Cynips caricae, 207-8
 cycomori, 207-8
 ficus, 207-8
 psenes, 207-8
 sycomori, 207-8
Cynopterus brachyotis, 29
 Cyperaceae, 63
Cyperus, 111
Cypraea moneta, 200
 Cyrillaceae, 188
Cyrtandra, 74, 78-9
 mirabilis, 74
 penduliflora, 75
 radiciflora, 74
 splendens, 78
Dacrydium pectinatum, 92-3
 Daphniphyllineae, 186
Davidsonia, 187
Decatoma, 226
 fici, 227
Degeneria, 186
Deilagaon, 211, 227
Deinbollia fanshawei, 69
 sp., 178
Delissea undulata, 176
Delpydora gracilis, 178
 macrophylla, 178
Dendriopoterium, 48
Dendrocacalia, 51
Dendrocalamus strictus, 17
Dendrocnide moroides, 179
Desmodium, 111
Diazella, 226
 Dichapetalaceae, 68
Dichapetalum bullockii, 68
 cymosum, 66, 68
 rhodesicum, 68
 Didiereaceae, 187
Didissandra, 74
 Didymelaceae, 187
Didymocarpus, 74, 78-9
 gracilipes, 75
 malayanus, 75
Digitalis, 48
 purpurea, 77
 Dilleniaceae, 68
 Dillenioidae, 186
 Dilleniidae, 173
 Dioncophyllaceae, 187
Diospyros batocana, 66
 chamaethamnus, 66, 68
 galpinii, 68
 lycioides, 68
 virgata, 68
 Dipsacales, 173
 Dipterocarpaceae, 4, 127 et seq., 186
 Dipterocarpoideae, 128
 Monotoideae, 128, 187
Dipterocarpus, 128-9, 131 et seq.
Distyliopsis, 186
Dodonaea, 111
Dolichoris, 227
Doona, 128-9, 132 et seq.
Dossinia marmorata, 78
Dracontomelum mangiferum, 20
Drosophila, 130
Dryobalanops, 128 9, 132 et seq.
 beccarii, 91-3
Dryopteris flaccida, 147

- Duabanga grandiflora*, 29
Durio, 4, 25-6
 acutifolius, 26
 beccarianus, 26
 dulcis, 26
 grandiflorus, 26
 graveolens, 26, 32
 griffithii, 26
 kutejensis, 26
 lowianus, 32
 malaccensis, 26, 32
 oxleyanus, 26
 pinangianus, 26, 32
 testudinarum, 26
 wyatt-smithii, 26
 ziberthinus, 25 et seq.
Dynatogmus, 223
Dypsis hildebrandtii, 179
Dysoxylum urens, 177
Ebenaceae, 68
Echeverioideae, 188
Echinodermata, 112
Echium spp., 48, 50
Ehretia, 50
Eisenia, 211
Ekebergia pumila, 68
Elaeis guineensis, 179
Elaeocarpaceae, 21, 186
Elatostema, 74
Elephantorrhiza elephantina, 66, 68
 obliqua, 66, 68
 woodii, 68
Elisabethiella, 211, 218, 223, 227
Elymus, 123
Embolanthera, 186
Encephalartos laurentinus, 180
Endospermum, 22
 spp., 120
Entada dolichorrhachis, 68
 nana, 68
Eonycteris spelaea, 25, 29
Eospermatopteris, sp., 180
Epacridaceae, 187
Epichrysomallinae, 210, 212, 226, 227
Epilobium angustifolium, 166 fig. 2B, 168
Episcia reptans, 78
Epithema, 77
Ericaceae, 123, 165, 170, 173, 186
Ericales, 173
Eriobotrya japonica, 196 fig. 4
Eriocaulineae, 187
Eriogonoideae, 188
Eryngium spp.,
Erysimum, 48
Erythrina, 111
 baumii, 59, 68
 zeyheri, 66, 68
Escalloniodeae, 187
Espeletia spp., 42, 50-1
 spicata, 176
Eucalyptus, 61
Euclea crispa, 59, 60 fig. 1, 68
Eudecatoma, 226
Eudecatominae, 210 2, 12, 226
Eugenia angolensis, 69
 capensis, 69
 pusilla, 66, 69
Eujacobsenia, 226
Eukoebelea, 224-5
Euphorbia, 111
 ankarensis, 176
 bupleurifolia, 176
 lophogona, 176
 moratii, 176
 spp., 48
Euphorbiaceae, 90, 96, 176
Euphorbiales, 187
Eupomatia, 186
Eupristina, 211, 218, 227
Eurycoma longifolia, 178
Eurytomidae, 210, 212
Fagaceae, 132
Fagales, 186
Ficus, 4, 13, 46, 57, 122-3, 130, 186
 sect. *Adenosperma*, 227-8
 alba, 214
 sect. *Americana*, 223, 225, 227
 ampelas, 226
 auriculata, 213, 220, 228
 sect. *Auriculosperma*, 228
 benghalensis, 13, 15, 209
 capensis, 223
 carica, 16, 196 fig. 4, 197, 199, 203, 207-9,
 213-7 (& fig. 1), 219-20, 223
 sect. *Conosycea*, 225-7
 costaricana, 220, 222
 dammaropsis, 228
 sect. *Ficus*, 220, 227-8
 subg. *Ficus*, 209, 220, 225-8
 fistulosa, 214, 220-1
 sect. *Galoglychia*, 226-7
 hemsleyana, 220, 222
 hirta, 213, 220
 hispidia, 220
 sect. *Kalosycea*, 227
 sect. *Leucogyne*, 227
 macrophylla, 214, 220
 sect. *Malvanthera*, 223, 226-7
 mauritiana, 209
 monahasae, 228
 sect. *Neomorphe*, 225, 227-8
 nota, 214-220
 oligodon, 228
 sect. *Oreosycea*, 226-8
 sect. *Papuasycea*, 228
 sect. *Pharmacosycea*, 220, 225, 227
 subg. *Pharmacosycea*, 227
 subsect. *Pomifera*, 228
 pritchardii, 228
 pseudopalma, 228
 ser. *Pseudopalmae*, 228

- pungens*, 228
pygmaea, 69
racemosa, 220, 228
religiosa, 196 (& fig. 4), 220, 223
 sect. *Rhizocladus*, 227
 ser. *Rivulares*, 228
rivularis, 228
roxburghii, 213
rubiginosa, 214
salicifolia, 223
 sect. *Sinosycidium*, 227
 spp., 195, 214, 217-20, 222, 227
 sect. *Stilpnophyllum*, 227
 sect. *Sycidium*, 226-8
 sect. *Sycocarpus*, 225-8
sycomorus, 191 et seq., 207, 209, 211, 215
 fig. 2, 220-1, 223-225
 subg. *Sycomorus*, 209, 220, 223, 225-8
terragona, 209
theophrastoides, 177
tinctoria, 226
 var. *gibbosa*, 226
tseila, 220
tuerckheimii, 223
 sect. *Urostigma*, 226
 subg. *Urostigma*, 209, 220, 225-8
verruculosa, 69
virens, 220, 227
Fimbristylis, 111
 Flacourtiaceae, 68, 96, 165, 171, 173, 176
 Fouquieriaceae, 188
Freycinetia, 137
Fuchsia fulgens, 166 fig. 2A, 167
Gaertnera, 109
Galbulimima, 186
Ganosoma, 224
Garcinia buchneri, 68
Gardenia conferta, 178
 subacaulis, 69
Garrya, 186
 Garryaceae, 188
 Gentianaceae, 165, 171, 173
 Gentianoideae, 49
 Gentianales, 173
 Geraniales, 173, 187
 Geraniaceae, 176
Geranium canariense, 176
Gerrardanthus, 75
 Gesneriaceae, 76-8, 123, 176
 Cyrtandroideae, 186
Ginkgo, 110
Goethea strictiflora, 177
Gomphostemma, 74
Goniogaster, 211
Gonostylus, 186
 Goodeniaceae, 187
Gossypium, 16, 114
 arboreum, 114
 thurberi, 114
Goupia, 187
 Gramineae, 123
 Micrairoideae, 187
Grasseiana, 226
Grewia decemovulata, 69
 falcistipula, 69
 herbacea, 69
Grias sp., 177
Guaiacum officinale, 251
Guarea richardiana, 177
Guettarda, 111
 Guttiferae, 68, 90, 96
 Gyrostemonaceae, 187
Haemodoreae, 187
Hagiophyton sp., 179
 Haloragaceae, 187
 Hamamelidales, 186
 Hamamelidae, 173
 Hammelidiflorae, 184
Hamamelidoideae, 186
 Haplostomata, 211, 212
Harmsiopanax, 19-20
Harpephyllum caffrum, 175
Hectorelloideae, 184
Hedychium, 75, 76
 cylindricum, 76
Hedysarum, 44
Heeria nitida, 68
Heliciopsis, 20
Heliconioideae, 187
Hericium coralloides, 159
Hernandia, 111
Herrania albiflora, 178
Heterandrium, 223
Heterocentron roseum, 170 (& fig. 8B)
 Hexacorallia, 112
Hibiscus, 111
Hicksbeachia pinnatifolia, 178
